

# Greetings from Antarctica!

We had a great time at the Antarctica Iceberg Sculpture Festival where I received Honorable Mention for my self-portrait. Without my quick action (see photo above) we would have lost some of our family's treasured Rubber Duckies to a voracious Great Southern Goldfish attracted by Saturn's recent close proximity.

I'm back home now and available for your illustration and design projects using QuarkXPress, Photoshop, Illustrator, InDesign, GoLive, Acrobat, HTML and more.

Remember that I can also train you or your people on these applications as well. The Festival really got my creative juices flowing and my calendar is open, so please give me a call at (845)947-3050, or email me at [fcollyer@mac.com](mailto:fcollyer@mac.com). You can also check out my website at <http://www.frankcollyer.com> for more info!

Best-

*Frank Collyer*
